

1/2

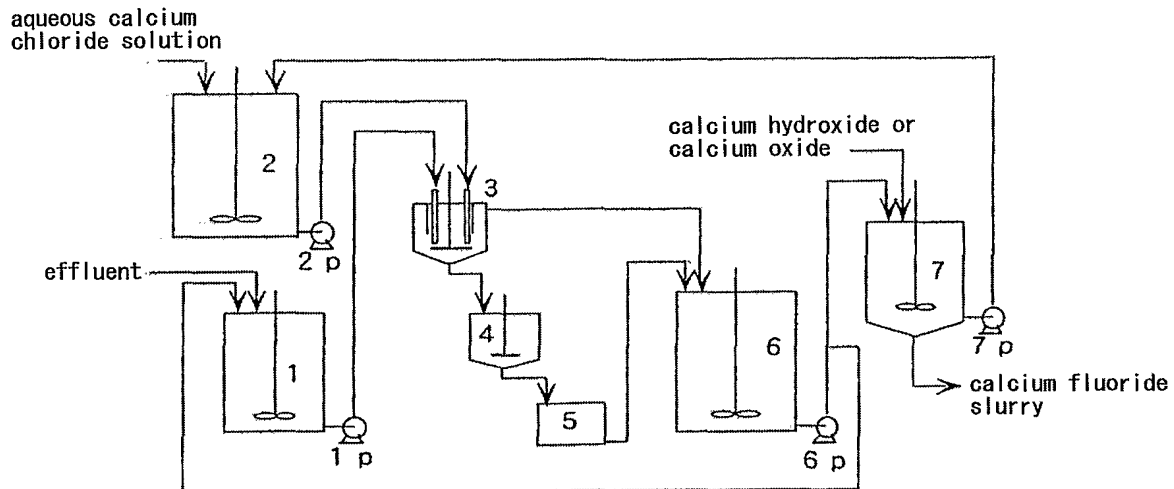

Figure 1

- 1 : effluent storage tank
- 1 p : metering pump for effluent
- 2 : aqueous calcium chloride solution storage tank
- 2 p : metering pump for aqueous calcium chloride solution
- 3 : crystallization tank
- 4 : calcium fluoride slurry tank
- 5 : centrifugal extractor
- 6 : mother liquid storage tank
- 6 p : mother liquid-sending pump
- 7 : aqueous calcium chloride solution-producing tank
- 7 p : aqueous calcium chloride solution-sending pump

2/2

Figure 2

- 1 : effluent storage tank
- 1 p : metering pump for effluent
- 2 : aqueous calcium chloride solution storage tank
- 2 p : metering pump for aqueous calcium chloride solution
- 3 : crystallization tank
- 4 : calcium fluoride slurry tank
- 5 : centrifugal extractor
- 6 : mother liquid storage tank
- 6 p : mother liquid-sending pump
- 7 : aqueous calcium chloride solution-producing tank
- 7 p : aqueous calcium chloride solution-sending pump
